

Booking Your Flight

Professor Jack Girard's flight schedule below is for the summer program dates only, departing from and returning to Lexington, Kentucky. You are welcome to join him on these flights or find others that better suit your location on those dates. If you choose another route, it is important you arrive at Shannon Airport before 11 a.m. on June 1, if you plan to join the group on the bus to Ballyvaughan. If you arrive at a later time, you will be responsible for securing a ride to at your expense. You can also speak to someone at the information desk, and you will be directed to a reliable driver.

You may want to consider extending your stay in Ireland or Europe. This is common, and we ask that you notify Jack Girard of your plans.

We encourage you to use a variety of sources (Expedia, Travelocity, etc.) to find the best flight plan for you. You can also go directly to airline websites. If you have a family member who works for one of the airline companies, you might be able to find unpublicized arrangements. Family Skymiles might also afford you some savings. When considering an itinerary, try to avoid airport layovers that are less than 90 minutes. Your connecting flight could be delayed, and you may have to change terminals. A two- or three-hour layover will allow ample time for you to make connections (and perhaps eat or read comfortably—stress-free).
