

Let's Partner!

Transylvania University recruits exceptional students and then develops extraordinary citizens. They are leaders, collaborators, researchers, analytical thinkers, creative problem solvers, team builders, communicators, writers, articulate presenters and active in their community. Transylvania Pioneers hone their skills and talents in a close, collaborative community that demands the best of them academically, socially and civically.

Our high-achieving students:

- possess the very skill set you need
- are educated across disciplines
- understand responsibility, hard work and time management
- are prepared to succeed in many kinds of jobs, not just one.

Kelly Kreutzjans

Kelly Kreutzjans, who interned with Blue and Company in Lexington, was hired by Deloitte in Cincinnati after her summer internship with them. (Accounting is one of our top majors.)

Internships/Jobs/Workshops

Let us match our high-achieving students with your business needs. You'll benefit from their skill set and work ethic, and they'll gain vital experience in the workforce.

- 1.) Meet with students on campus** (class visits or information sessions).
- 2.) Post internships and jobs** on CrimsonNet to reach students and alumni.
- 3.) Take part in career workshops and fairs.**

Joshua Buckman

After a summer internship with MJX Asset Management in New York City, Josh Buckman accepted their offer to become a full-time financial analyst.

"I get applications from students from all over the United States, and by far the Transylvania résumé is the best that I receive. When I mention I have a Transylvania student looking for an internship, my associates say, 'I want another intern just like that one.'"

—Alan Stein (founder of SteinGroup, LLC, business development and management consulting company and founder and former president of the Lexington Legends minor league baseball team)

Latarika Young

Tari Young started as a college intern at Lexmark. Now she's a firmware development manager.

Akin Erol

Akin Erol interned with the Centers for Disease Control in Atlanta and volunteered once a week with God's Pantry. Now he's in med school at the University of Kentucky.

PREPARED TO SUCCEED

FOUNDED IN 1780, Transylvania consistently ranks among the top liberal arts colleges in the nation. We're known for educating young leaders and innovators who go on to become U.S. vice presidents, senators, U.S. Supreme Court justices, governors, pioneering social workers, software creators, educators, scientists, physicians, artists, lawyers, researchers and entrepreneurs.
