

### **Chemical Rubber Company General Chemistry Award**

The Chemical Rubber Company General Chemistry Award is presented each year by the Chemical Rubber Company Press in recognition of outstanding achievement in general chemistry by a first-year student.

### **Polymer Education Undergraduate Award**

The American Chemical Society and the Joint Polymer Education Committee present this award to a chemistry major whose future plans include a career in chemistry, biochemistry or chemical engineering for outstanding performance in the first two semesters of organic chemistry.

### **Ronald F. Whitson Memorial Scholarship**

The Ronald F. Whitson Memorial Scholarship was established in 2003 to assist deserving students from Kentucky. Recipients must be good students who are active participants and leaders in campus organizations and activities. The Ronald F. Whitson Memorial Scholarship was funded with gifts made by former players, students, colleagues and family members. It pays tribute to the loving and much-loved teacher, coach, friend and father who devoted 30 years to Transylvania students.

### **Ira Richard Harris '53 History Department Award**

This award is given to an outstanding student majoring in history for opportunities to further their education. The student selected must be enrolled as a full-time undergraduate junior in good standing at the university, be enrolled as a history major at the university and demonstrate the desire to further their educational opportunities outside of the university.

### **Dean's Purchase Award**

Beginning in 2001, the dean has selected an artwork from Morlan Gallery's Juried Student Art Exhibition to purchase and add to the university's permanent collection. The work is chosen for its superior creative and technical accomplishment.
