WHO WE ARE

THIS IS IT—

the college experience you've been dreaming about.

A close-knit campus in a big city full of adventure.

A place where you're encouraged to develop your imagination and deepen your sense of who you are.

With professors who will prepare you for a successful life and career long after you've graduated.

This is your training ground, your network, your laboratory, your circle of friends—your home.

This is Transylvania University.

TAKE A CLOSER LOOK AT WHAT IT MEANS TO BE A PIONEER.

LEXINGTON

LIVE BIG in Lexington, Kentucky

Forget what you think you know about Kentucky. We're more than horses and bluegrass.

Lexington is a thriving, creative, friendly city. Our location in the heart of downtown means you can always find something fun—you're within walking distance of amazing restaurants, movie theaters, shops, concerts and festivals.

And just a bike ride from beautiful hiking trails, horse farms, camping and canoeing.

And a short drive from cities like St. Louis, Nashville, Cincinnati, Chicago and Atlanta.

And an easy plane trip from Dallas, New York, Orlando and Washington, D.C.

What we're saying is there's no better place to be a college student.

WHILE YOU'RE HERE:

See the horse races at Keeneland Shop at The Square Bike the Legacy Trail Visit our many downtown murals See a movie at Kentucky Theatre Go to a concert Check out a Legends baseball game @ turner_hawkins

The Square

Lexington
_____ OPPORTUNITIES ABOUND

No waiting until after college to start your life. Hundreds of jobs and internships within reach. Get creative with an exciting community. Real-world experience to build your future. That's our city. That's Lexington.

Lexmark International Toyota Valvoline Tempur Sealy International Big Ass Solutions Alltech Inc. Lockheed Martin KentuckyOne Health

Emily Novak '14 got a part-time restaurant job in Lexington while in school. She turned that love for cooking—and her Transy science degree—into a full scholarship to Le Cordon Bleu culinary school in New Zealand.

Emily Novak '14

DOUBLE MAJOR IN CHEMISTRY AND BIOLOGY "At Transylvania, it's not just hearing about science—it's doing it yourself. Our seniors who are going to grad school hit the ground running. They're comfortable interacting with faculty, and they can talk about things in a very sophisticated way."

Becky Fox

BIOLOGY PROFESSOR BECKY FOX Enlists students to help in her Research on the behavior of Birds.

GET Preped

We make sure all of our students get the opportunity to work closely with our professors on exciting research—much of which you can't get as an undergraduate student at other colleges.

You'll design your own studies and present your results. In the process you'll make mistakes and you'll make discoveries.

There's no limit to what you can find.

RESEARCH AT TRANSY:

- Summer student research grants that provide up to \$3,500 in support
- Independent research projects with faculty mentors
- Assisting professors in lab and studio settings
- Independent study and senior seminars
- Internships

"Attending the Yale Bioethics Institute was an unbelievable opportunity! My Transylvania education prepared me well for my seminars and personal research; I easily kept up with my peers from other national and international top colleges."

JT Henderson '18

HANNAH WEBER '18, LEFT; JT HENDERSON '18 (CENTER) AND CADY CORNELL '17 STUDIED AT YALE UNIVERSITY'S SUMMER BIOETHICS INSTITUTE. THE PROGRAM HAS BEEN SO IMPRESSED BY OUR STUDENTS THAT IT SAVES SEATS EVERY YEAR JUST FOR PIONEERS—NO OTHER SCHOOL CAN SAY THAT.

ACADEMICS

ONE OF THE TOP SCHOOLS IN THE NATION

Who am I? What does it mean to be human? What is success?

Transylvania will teach you to ask the deep questions of the world and seek out creative ways to find answers. You'll explore a broad range of subjects, while getting expert training in your major.

We'll help make you a well-rounded communicator and problem-solver, all while preparing you for success in your chosen field.

Sports Management Biopsychology International Security Criminal Behavioral Studies Social Justice

Transy has a 4-4-1 schedule with two four-month terms and a unique four-week May term, where you'll take specialized classes, many of which involve international travel.

11-1 Student to Faculty **RATIO**

The faculty-student relationship is what sets us apart.

The professors take pride in really getting to know you, challenging and drawing the best out of you. They'll walk with you the whole way—helping you find jobs and recommending you to graduate schools.

You'll work together on not just your research, but theirs. In collaboration with their professors, recent students have tested a virtual reality lab, scuba dived to study shipwrecks underwater and tracked personality traits in sparrows.

We don't use graduate assistants or TAs, just professors who will give you the very best training there is.

Anthropology professor Chris Begley is a National Geographic Explorer and one of the World's 50 Most Adventurous Men, according to Men's Journal for his exploration of Honduran ruins.

Elle Woolery conducted excavation work with Begley, and from her experience received a Davies-Jackson Scholarship to study archaeology at **Cambridge University**.

Elle Woolery '17

ANTHROPOLOGY MAJOR

Alex Frank, a junior business administration major with an emphasis in marketing, is working with business professor Adam Evans on creating a virtual reality laboratory that will be used by classes all over campus.

The duo is particularly interested in studying the future of marketing within VR and how businesses and organizations can use the technology to sell products and connect with clients.

transy.edu/VR

"At Transy we're always looking to do things better and find something new and creative to make our classroom environment more interesting."

Alex Frank

BUSINESS ADMINISTRATION MAJOR WITH AN EMPHASIS IN MARKETING

PIONEER SUCCESS

PREPARING YOUFOR A FULFILLING CAREER IS OUR HIGHEST PRIORITY.

And it's not just professors making calls and recommendations to employers (although that will happen, too).

In your first year you can connect with a successful alumni mentor through the 100 Doors to Success program who will meet with you regularly and help you build your network while you're in school.

And Career Development will walk you through the entire job search process—from finding your perfect path to crafting a resume, developing interview skills to hosting job fairs. And it's a lifetime commitment. You can continue to meet with Career Development long after you've graduated.

Ninety-five percent of our students are employed or in graduate school within six months of graduating.

That's how we define success.

Josh Buckman's 100 Doors mentor helped him land a summer internship in New York. What he calls "one of the best experiences of my life" turned into his dream job. He graduated into a full-time position as a financial analyst at MJX Asset Management.

Josh Buckman

OPEN DOORS TO PLACES YOU'VE NEVER IMAGINED.

Where will you study?

Transy offers countless opportunities to combine the excitement of travel with life-changing education experiences, no matter your major.

There are several different ways to study abroad independently, through one of our partner institutions, for a semester, during the summer or as part of May term.

10 FULBRIGHT ENGLISH TEACHING ASSISTANTS SINCE 2007

MAY TERM

Studying the enormous power of volcanic activity to alter the environment is one thing.

Standing next two a 2,100-degree lava flow is another matter altogether.

Our unique May term offers four-week courses for you to try something outside your major—often with travel involved. These classes are exciting and creative, and may unlock a passion you never knew you had.

PIONEER SUCCESS

COMPETE AT THE HIGHEST LEVEL

Our students are consistently accepted to some of the most prestigious graduate programs in the country. And it's no surprise. The personal attention you receive from faculty, the depth of knowledge you gain and the development of your interpersonal communication preps you to compete against the nation's top minds. You're any graduate school's dream candidate.

We even have special partnerships to get you where you're going, faster. Our 4-1 engineering program lets you earn a Transy degree and a master's degree from the University of Kentucky in five years. And our new 3+4 accelerated pathway with the UK College of Pharmacy lets you earn a Transy degree and a PharmD in seven years. Being in demand is why it's good to be a Transy grad.

Brown University | Ancient History Columbia University | Physical Therapy Vanderbilt University | Nursing London School of Economics | Gender, Media, and Culture Duke University | Molecular Genetics and Microbiology Johns Hopkins | Developmental Biology American Graduate School (France) | Diplomacy and Law New York University | French Literary Translation Penn State University | Law Clemson University | Architecture University of Pittsburgh | Pharmacy University of Virginia | Education Indiana University | Medicine Cambridge University | Archaeology University of Central Florida | Game Design and Production Xavier University | Clinical Psychology

MORE THAN

of our students

"Transylvania gave me a leg up relative to the other applicants. My biology professor said I'd be really competitive and wrote a recommendation letter for me—I was very humbled by it and am grateful to her for pushing me."

Nashwin Laungani '15

CRALLE FELLOWSHIP | UNIVERSITY OF KENTUCKY SCHOOL OF DENTISTRY

The University of Kentucky is just down the road, allowing you access to its library and specialized classes. And as a Transy student, you'll get a leg up on several graduate programs with our priority application partnership with UK colleges of dentistry, medicine, pharmacy, public health and health sciences.

RESIDENCE LIFE welcome home

COMMUNITY-DRIVEN LIVING

More than anything, Transylvania is your home.

Sure, our suite-style residence halls have plenty of community spaces to work and study. But let's be honest, most of your memories will be made outside your studies—having fun and growing together with your friends.

That's why in all of our residence halls, we've created spaces for you to watch TV, play games and just hang out and make friendships that will last a lifetime.

ADMISSIONS CHECKLIST THE 5-STEP GUIDE FOR APPLYING TO TRANSYLVANIA UNIVERSITY

SCHEDULE YOUR CAMPUS VISIT

Our admissions office is open for visits Monday-Friday and select weekends. Individual visits are available as well as weekend open houses. Visit classes; talk to professors or coaches; even stay overnight and get the full Transy experience. Check out transy.edu/visit for all visit options.

CHOOSE YOUR APPLICATION PLAN AND APPLY

Students who wish to receive priority consideration for admission, merit scholarships and premier scholarships must apply on the Early Action I (Oct. 15) or Early Action II (Nov. 15) plan. Regular Decision applicants must apply by Feb. 1 and will be considered for admission and merit scholarships.

EXPLORE SCHOLARSHIP OPPORTUNITIES

While academic credentials are most important, we also consider your essay, letters of recommendation, involvement and leadership when awarding scholarships. Apply Early Action I or II to be considered for our Premier Scholarships: William T. Young, William R. Kenan and Trustee scholarships. All other scholarships require application by Feb. 1.

APPLY FOR FINANCIAL AID

To apply for all forms of need-based aid, you need only to fill out the Free Application for Federal Student Aid (FAFSA). This form is required for students seeking any federal or state aid (including grants, loans and work-study). The FAFSA is available for submission as early as Oct. 1.

RESPOND TO ADMISSION DECISION BY MAY 1

May 1 is the National Candidates' Reply Date, the deadline to make your college decision. Make sure you take advantage of every opportunity to vet Transylvania against your other college choices. We are here to help; contact us anytime at 800-872-6798 or admissions@transy.edu.
